

2020-2021 Young People's Concert Streaming Prices

Why should I purchase streaming passes?

- Watch the concert on your terms. If your school is operating on a hybrid or 50% in-person learning, this allows you to watch the concert with all students.
- Pause, rewind, restart as you need.
- Purchase more passes to receive a lower per ticket price.
- Since you don't need to pay for travel, consider purchasing the second concert of the season for \$4/student, regardless of the number attending!
